

Membership Application

From Our Hearts, inc. was founded by a group of dedicated people trying to make a difference in our community. The main focus of the organization is to raise funds that will be used to provide Breast Cancer Screening and Procedures for residents of the Greater Pine Island area who otherwise could not afford this care.

A member of From Our Hearts would be expected to work hard helping create, organize, and promote these fund raising events. As the organization enters its second decade of service, our goal is to increase our fund raising activities in addition to developing new ways within our mission to support the community.

The organization holds a monthly general meeting except July and August. Members are encouraged to present ideas, projects, etc. and participate in discussions during these meetings with the intent of submitting these ideas for a vote.

As prescribed by our corporate Bylaws, the organization consists of several different categories of members who have voting powers at the general meetings. Most common are Life members who have survived Breast Cancer and are not expected to pay yearly dues; and Active members who have submitted a Membership application and have contributed the yearly dues. At this time the dues required is \$10 yearly.

If you are eager to join an organization dedicated to helping others then we would love to have you as a member.

I have read and understand the principles and goals that From Our Hearts, inc. was founded upon and agree to work toward these goals.
